B125

Launch of the B145 yacht
April, 2022

Message from the CEO

Starting as a group of enthusiasts, Bering Yachts now is a large operation of passionate professionals. Like a family, we might disagree and argue, but we always remember our goal – give customers their best experience. Passion attracts people.

Owning a boat is a very emotional enterprise. One cannot stay unattached when crossing the deep blue sea. There are so many things to see, so much to experience! That is what we give to our customers – an ability to enjoy every moment of their thrilling rides in comfort and safety.

Alexey Mikhailov

President & CEO

June 2022

Bering Yachts in brief

Bering Yachts creates a new caliber of a vessel: recreational steel boat that provides an unequaled level of luxury, capability and safety. Taking design cues from proven oceangoing commercial trawlers, these yachts can cross any ocean comfortably, securely and with a minimal number of stops. We blend comfort and reliability to withstand any forces the nature can bring.

We are special. Being a full production cycle, we develop a concept, manufacture the boat in-house, and then equip it with our own luxury furniture. Bering Yachts satisfy even the most meticulous client, and our customer service truly is second to none.

Exteriors

The Bering 125 is defined by exploration capabilities, comfort, and safety. Her excellence in each of these categories is exactly what sets her apart from other vessels of her class. Powered by twin MAN D2862 engines, the B125 yacht has a top speed of 13 knots and a cruising speed of 10 knots. Boasting a fuel capacity of 82,000 liters, the Bering 125 explorer has an autonomous range of 4,500 nm at cruising speed.

From her state-of-the-art stabilization system to her enormous fuel tanks and storage facilities, the B125 yacht incorporates all the amenities and capabilities of a 50+ meter explorer yacht in a refined package

Interiors

The Bering 125 yacht is a classic explorer vessel built for adventure. Utilizing the proven naval architecture and engineering of Bering's flagship vessel – the Bering 145 – the B125 offers the space, quality, and ocean-going capabilities of a 50+ meter yacht in a smart sub-500 GT package.

A fully custom steel explorer yacht, the Bering 125 measures 38 meters with a beam of 9 meters. She accommodates up to 10 guests across five en suite cabins, including a full-beam master suite on the main deck. With top features including exceptional beach club facilities and large living spaces, this vessel is capable of an autonomous range of more than 4,500 nm. The Bering 125 yacht is a yacht designed for endless exploration.
